CUSD 200 School Board:
The following is a summary of how the CAC subcommittee came to our recommendation of the 2023-2024 CAC Membership Selection Recommendation

- Subcommittee Selection process
- A group of 7 was chosen from a group of willing volunteers. The group of volunteers was larger than needed, so the opportunity was granted to volunteers who hadn't had a chance to be in a subcommittee in the past.
- The first two positions were Current CAC Co-Chair Brooke Gennaro. And CAC Chair Greg Biziarek
- The five volunteers were - Cathy Berning, Shana Frederick, Megan Kolisch, Assad Koshul, and John Graham.
- Membership recommendation process
- For 2023/24 13 Seats will be available on CAC plus 2 alternate spots (per CAC rules.)
- We had 21 applications this year.
- Superintendent Jeff Schuler sent out homework to the subcommittee.
- This homework included each of the 21 applications, information on which schools currently had representation \& how much representation they had.
- Jeff requested the subcommittee to prioritize 13 applications on a google form document for him to have results ready for us at our first in person meeting on May 15th.
- The subcommittee did their homework and met in person on May 15th.
- Upon meeting, each person explained the process they used to prioritize their 13 applications.
- After reviewing the results of this prioritization, the group recognized that 15 candidates either had $4,5,6$ or 7 (of 7 ) "votes" (people prioritizing them for candidacy.) The group then reviewed the schools represented by these 15 candidates and recognized it resulted in a very diverse representation overall on the committee. Based on this and group discussion, we decided to eliminate candidates with 3 or less votes.
- The next decision was which of these thirteen candidates would be the two alternates.
- Five candidates received four votes and the remainder had five or more votes. The candidates with five or more votes were moved into the recommendation column.
- The subcommittee reviewed the remaining five candidates and based on application \& representation decided to bring three into the final (3) open seats, and leave two as alternates.
- This left off (3) three vote candidates, (2) two vote candidates and (1) zero vote candidates. These candidates were eliminated from the recommendation for this year.
