Discussion of Middle School Facilities Projects

- Dr. Schuler discussed and shared with the committee some other potential concepts that are being explored for Monroe Middle School with some other municipal entities. The goal was to introduce the concept to the facilities committee to determine if it is worth further exploration.
- The facilities engagement committee toured Franklin MS. Virtual open houses or tours were encouraged.
- The Engagement HQ platform will be on the board agenda next week. The thought is all community members will be able to access information about our MS facilities' needs, as well as respond to questions and engage in dialogue from a centralized location.
