Balanced budget; no Deficit Reduction Plan is required.

A deficit reduction plan is required if the local board of education adopts (or amends) the 2024-2025 school district budget in which the "operating funds" listed above result in direct revenues (line 9, BudgetSum 2-4) being less than direct expenditures (line 19, BudgetSum 2-4) by an amount equal to or greater than one-third (1/3) of the ending fund balance (line 81, BudgetSum 2-4).

Note: The balance is determined using only the four funds listed above. That is, if the estimated ending fund balance is less than three times the deficit spending, the district must adopt and file with ISBE a deficit reduction plan to balance the shortfall within three years.

Per School Code (105 ILCS 5/17-1) - If the Deficit AFR Summary Information tab from the 2023-2024 Annual Financial Report (AFR) reflects a deficit as defined above, then the school district shall adopt and submit a deficit reduction plan (found here on page 23-27) to ISBE within 30 days after acceptance of the AFR.

The deficit reduction plan, if required, is developed using ISBE guidelines and format.

through Fiscal Year 2027-2028

Evidence-Based Funding: Fiscal Year 2025 Spending Plan

N/A - EBF Spending Plan Not Required for Amended Budgets

Part I: Achieving Student Growth and Making Progress Toward State Education Goals

The questions below allow you to indicate the strategic priorities and strategies that will drive your efforts to achieve student growth and make progress toward state education goals. These may involve investing in any combination of an Organizational Unit's core resources: time, money, people, and programs.

Collaboration Opportunity - Organizational Units may find that Part I is most easily and effectively completed if led by program leaders in consultation with finance leaders.

1) What are the Organizational Unit's strategic goals for student success for the 2024-25 school year? What measures will be used to evaluate progress? (No more than 2000 characters, including spaces.)

CUSD 200 has a district dashboard aligned with our Vision 2026 strategic plan. The dashboard metrics are reported yearly to the Board of Education, evaluating progress on goals and strategies. Vision 2026 outlines three key properties aligned to academic excellence: College and Career Readiness, Accelerated Learning, and Balanced Assessment. For College and Career Readiness, this year's work plan includes expanding dual credit course offerings, developing a Transitional Math course, and increasing the number of students who take a fourth year of math. There are three metrics on the dashboard that will indicate progress for these areas: the percentage of students earning a "C" or higher in an early college course, senior math proficiency, and senior ELA proficiency. For Accelerated Learning the major work project is adopting high-quality instructional materials for core subjects. K-5 staff are in year two of implementing Bookworms Reading and Writing and middle school teachers are in year two of implementing Illustrative Math. The district dashboard reports Fastbridge achievement and growth and IAR results to measure progress for Learning Acceleration. The last priority is Balanced Assessment. This year the focus continues on classroom assessment best practices. Specifically, schools will continue focusing on strengthening collaboration among staff through the use of Professional Learning Communities to review data and utilize feedback to improve learning. Through the use of improved assessment practices, all academic metrics on the D200 Dashboard should increase.

		Top Strategy 1	Top Strategy 2	Top Strategy 3
2)	Select the top three strategies that the Organizational Unit will employ to achieve student growth and make progress toward state education goals. (Select three different responses from the dropdown list.)	Improve programs, curriculum, and/or learning tools	Maintain or expand pupil support services	Maintain or expand college and career readiness options (e.g., CTE programming, AP/IB programming, dual credit/dual enrollment programming)

If "Other" was selected in question 2, please describe. (No more than 1000 characters, including spaces.)

Part II: Planned Use of Evidence-Based Funding

The questions below provide an opportunity to document the stakeholders with whom you consulted and the data you analyzed as you determined your strategic allocations of FY 2025 EBF dollars. Key statistics related to EBF distributions are provided for your reference. Form 50-36/50-39 is typically released before current-year appropriations are known. Therefore, the figures provided are for the prior fiscal year.

Collaboration Opportunity - Organizational Units may find that questions in this section are most easily and effectively completed if led by finance leaders in consultation with program leaders.

		<u>Pa</u>	rt III: Support for Special S	tudent Groups	

EBF statute sets aside specific allocations to be spent for special education, English learners, and low-income students. Per statue these designated funds must be spent on programs and services benefiting these specific student groups. Funds for English learners and low-income students must be spent in addition to, and not in lieu of, funding that supports general programs of instruction for all students. Funds attributable to special education must be used for the provision of special education facilities and services as outlined in ILCS 14-1.08. Current-year EBF amounts attributable to each of the special student groups must be reported in cells G100-G102 below. If the Organizational Unit received at least \$5,000 for any of the student groups, a response to the questions below is required. For amounts less than \$5,000, a response is optional. All other EBF funds may be spent in any manner deemed appropriate by the school district.

Collaboration Opportunity - Organizational Units may find that questions in this section are most easily and effectively completed through collaboration between program leaders affiliated with each student group and finance leaders.

Plan Assurances

Please complete the assurances below related to Article 14C of the Illinois School Code, which stipulates allowable expenditures for English learners. Organizational Units should maintain supporting documentation (e.g., sign-in sheets, meeting agendas) to affirm the veracity of the below assurances. Note that a separate collection of the Bilingual Service Plan takes place before each school year and must be separately reviewed by the Bilingual Parent Advisory Committee (BPAC). Responses in this plan should be aligned with information contained in the Bilingual Service Plan. Responses in this section are only required if an Organizational Unit receives any amount of EBF dollars attributable to English learners.

Collaboration Opportunity - Organizational Units may find that the plan assurances are most easily and effectively completed if led by program leaders.

1). "I hereby affirm that at least 60% of the school district's state funds attributable to English learners will be used for instructional costs of programs and services for English learners (function 1000), in accordance with Article 14C of the Illinois School Code. The remaining balance of state funds attributable to English learners will also be used to serve English learners."

Required Yes

2). "My school district has at least one attendance center with 20 or more English learners (including parental refusals) who speak the same home language other than English in grades K-12. Alternatively and/or additionally, my school district has at least one attendance center with 20 or more English learners (including parent refusals) who speak the same home language other than English in pre-K."

ESTIMATED LIMITATION OF ADMINISTRATIVE COSTS (School Districts Only)

(For Local Use Only)

This is an estimated Limitation of Administrative Costs Worksheet only and will not be accepted for Official Submission of the Limitation of Administrative Costs Worksheet.

The worksheet is intended for use during the budgeting process to estimate the district's percent increase of FY2025 budgeted expenditures over actual FY2024 expenditures. Budget information is copied to this page. Insert the prior year estimated actual expenditures to compute the estimated percentage increase (decrease).

The official Limitation of Administrative Costs Worksheet is attached to the end of the Annual Financial Report (ISBE Form 50-35) and may be submitted in conjunction with that report.

An official Limitation of Administrative Costs Worksheet can also be found on the ISBE website at:

REPORTING OF PUBLIC VENDOR CONTRACTS OF \$1,000 OR MORE (School Districts Only)

In accordance with the School Code, Section 10-20.21, all school districts are required to file a report listing 'vendor contracts' as an attachment to their budget. In this context, the term "vendor contracts" refers to "all contracts and agreements that pertain to goods and services that were intended to generate additional revenue and other remunerations for the school district in excess of \$1,000, including without limitation vending machine contracts, sports and other attire, class rings, and photographic services. The report is to list information regarding such contracts for the fiscal year immediately preceding the fiscal year of the budget. All such contracts executed on or after July 1, 2007 must be approved by the school board.
