2021-22 MIDDLE SCHOOL HANDBOOK

COMMUNITY UNIT SCHOOL DISTRICT 200

Most of the information referenced in this student handbook is based on Board of Education policy. A complete policy manual is posted on the District's website www.cusd200.org.

Policy manuals are also available for review in each of the District's schools and at the School Service Center, 130 W. Park Ave., Wheaton, 60189.

School rules published in this handbook are subject to such changes as needed to ensure continued compliance with Federal, State or local regulations and are subject to review and alteration as may become necessary for the routine operation of the school. Not all rules of behavior can be written and inserted in a handbook; however, students are expected to follow rules and not violate the rights of others.

Annually, parents will be asked in ParentVue to acknowledge they know where to locate the contents of this handbook should they need it. All handbooks are located under the Parents tab of the District website and each school website.

BICYCLES, ROLLERBLADES, SKATEBOARDS, AND SCOOTERS

Students are permitted to ride bicycles to school. The school is not responsible for lost or damaged bicycles. Motorized bikes or vehicles are not permitted. Bicycles are to be stored in the racks provided and locked separately. The use of rollerblades, skateboards, and scooters is prohibited on middle school property.

CELLULAR PHONES

Students may not use a cellular phone or any other electronic communication device in any manner that disrupts the educational environment. Any student carrying a cellular phone must keep it turned off and out of sight during the regular school day unless authorized and approved by the building principal. Cell phones are not allowed in locker rooms at any time. (Policy 7.190)

CHILD ABUSE REPORTING

When a school staff member has reasonable cause to suspect a student has suffered physical or sexual abuse or neglect, he/she is required to report that suspicion to the Illinois Department of Children and Family Services Hotline, 1-800-25-ABUSE (800-252-2873). The “reporter” of the suspect case is protected by law, and his/her anonymity and confidentiality is maintained. School personnel is not obligated by law to inform parents when they report suspected child abuse or neglect.

COMMUNICATION WITH PARENTS

Communication between the home and school is an essential part of our middle school program. We encourage you to contact your child’s teachers or counselor as the first step if you have questions or concerns about his or her progress in school. District 200 has provided voice mail and email for all employees to enhance communication between the home and school. The school has established a number of ways to provide information to parents about their child’s progress. Some of these are:

- Report cards are issued following each nine-week grading period. These forms record academic effort and progress.
- Progress reports are written or verbal notices given between grading periods to indicate a student’s performance. Parents or teachers may request a conference for further explanation.
- Open House/Curriculum Night - An evening is set aside each fall for parents to visit their student’s school and meet his or her teachers. Teachers explain the curriculum and discuss course expectations, grading practices, and homework.
- Conferences - An opportunity to share information about students, school programs and policies. Parents are encouraged to attend these functions. Formal conferences are scheduled in the fall. Please refer to the school’s calendar for these dates.

- Newsletters - Newsletters are available on a regular basis to provide timely information about the school program.
- PTA - Provides valued support and services to the school. Through fundraising events, the PTA provides social activities and cultural arts programs for the students. Parents are encouraged to become active PTA members.
- School Improvement Plan - Each school develops a School Improvement Plan (SIP) every year outlining goals and methods for improving the academic performance of its students. The plans are shared with parents in the fall. State School Report Cards Information about the school such as demographic data, test scores for the school, district and state are available on the district website.
- District 200 website - www.cusd200.org provides general information about the District and its programs as well as current news items. The District site has addresses that link to the individual schools. Teacher emails are included within each school page.
- Automated Voice Messaging provides another way of getting information to families quickly. The system allows the Superintendent or Principal to record a message to inform parents of school events, changes in scheduled activities, school closings, and emergency situations.

EMERGENCY SCHOOL CLOSINGS

The decision to close school because of snow, extreme cold, or another emergency will be made as close to 6 a.m. as possible. You will receive an automated phone call from the Superintendent or designee announcing the closing. Every effort will be made to send the announcement the evening before the closing, but weather conditions may require a later decision and the call may reach your home around 6 a.m.

Families may also access the District website, www.cusd200.org and social media channels Facebook (www.facebook.com/district200) and Twitter (@cusd200) for closing information. Local radio and TV stations will also be informed and announcements can be found there. Closing information is also available by phone at 847-238-1234 or online at www.EmergencyClosings.com. Families can also sign up for personalized email notification at www.EmergencyClosings.com. Please listen to these announcements carefully as there are several District 200 school systems in the metropolitan area.

If it is necessary to close school once classes begin, students will be dismissed based on information in ParentVue. While the school will make every attempt to reach parents, it is not always possible. In those cases, the emergency contact information in ParentVue will be used. Please be certain that ParentVUE has current names and phone numbers of your family's emergency contacts. It is suggested that you discuss these emergency arrangements with your child.

E-LEARNING

Public Act 101-0012 also allows school districts statewide to utilize e-learning days in lieu of emergency days.

The State Superintendent has determined that days of instruction during a public health emergency must include at least 5 clock hours.

Asynchronous learning is an approach where teachers and students are not online at the same time. The teacher provides learning resources and tasks so students can access the conversation and content anytime.

Synchronous learning is an approach where teachers and students are online at the same time with a set schedule. The teacher provides learning and resources during set class time.

Each EC-5 classroom teacher will create an E-Learning schedule based on the District 200 instructional frameworks below.

Please click on this link for a detailed schedule and times for the CUSD 200 E-Learning Days.

ERIN'S LAW

Per the Illinois School Code, all students in grades Pre-K through 12 will receive age-appropriate instruction addressing both sexual harassment and sexual abuse.

FOODS IN SCHOOL

Foods brought into school during school hours shall comply with allergy policy 7.285. Only non-edible items will be used for rewards and incentives in the classroom unless previously approved by the building administration.

FREE AND REDUCED LUNCH

Free and reduced-price lunches are available to students whose family size and income meet State guidelines. Application forms are available in the school office. (Policy 4.130)

GRADING AND PROMOTION

Every teacher shall maintain an evaluation record for each student in the teacher's classroom. The final grade assigned by the teacher cannot be changed by a District administrator without notifying the teacher. Reasons for changing a student's final grade include:

- A miscalculation of test scores
- A technical error in assigning a particular grade or score
- The teacher agrees that the student may do extra work
- Assignment and its evaluation affects the grade
- An inappropriate grading system used to determine the grade or
- An inappropriate grade based on an appropriate grading system

Should a grade change be made, the administrator making the change must sign the changed record.

It is the policy of the Board of Education not to promote students to the next higher grade level based upon age or any other social reasons not related to the academic performance of the students. The decision to promote or retain students in any class shall be based on successful completion of the curriculum, attendance, performance based on the Illinois Standards and Assessment Tests and the District's national standardized achievement test, and principal and teacher observation, assessment and recommendation. The Administration will determine the weight to be given to these criteria.

LEAVING BUILDING/SCHOOL GROUNDS

Students must not leave the school without permission from the office. Parents must come to the office to sign the student out. Students will sign in if returning the same day.

LIBRARY LEARNING CENTER

Out of consideration for others, students are responsible for the care and prompt return of library materials. Fines and/or detention will be assigned for overdue or damaged materials. Students are expected to pay replacement costs for lost materials. Students who repeatedly abuse library privileges may be excluded from the Library Learning Center.

LOCKERS

Students are assigned lockers at fall registration. Students are not allowed to share lockers. Lockers are the property of the school and are to be used only for the purpose of storing school-related items (books, supplies, outdoor garments). Combination padlocks are also issued by the school to be used by the students. Students may only use locks issued by the school unless a special circumstance exists and an administrator has given prior approval. Any other lock will be removed. If a student loses his/her lock, the student must pay for the replacement of the lock.

Students should have no expectation of privacy in their lockers. Students' lockers may be inspected at any time with or without the students' knowledge or consent. A search may include the use of trained canines.

The school attempts to safeguard students against theft. However, the school cannot assume responsibility for losses. Students are urged not to keep valuables or money in their lockers. Students should keep their lockers locked at all times and should not share locker combinations with other students. Students are held responsible for lockers that are defaced or damaged in any manner.

Any mechanical problems should be reported immediately to the Front Office.

LOST AND FOUND

Those items marked with students' names are easily returned to rightful owners. Other items that are found can be reclaimed at the lost and found. Eyeglasses, keys, jewelry, money, or other valuables are kept in the office and can be reclaimed there following appropriate identification. For health, safety, and storage reasons, unclaimed items from the lost and found are periodically donated to charity. Students should frequently check this area for any lost or misplaced belongings.

SCHOOL SAFETY DRILLS

Each school has developed an emergency plan to help ensure the safety of students in the event of a fire, building intruder or another incident. This plan is rehearsed by the staff and students at various times during the year and in some instances includes a Law Enforcement Drill. Each school has also designated an emergency evacuation site where students will be moved until the school can be safely reopened. Students will not be released from school at the normal dismissal time if a tornado warning (not a watch) is in effect. Students will remain at the school under this condition until such time they may safely be dismissed.

SCHOOL SAFETY INSPECTIONS

To ensure that buildings meet State requirements and are safe for student occupancy, the Regional Office of Education inspects each District 200 school every year. The annual inspection is required by the School Code of Illinois and results in certification that the school is adequate and efficient and that progress is being made toward meeting life safety code recommendations resulting from previous inspections.

SECURITY CAMERAS

The District 200 Board of Education authorizes the use of video surveillance cameras and monitors on District property to maintain the health, safety, and welfare of students, staff, visitors and school property, and to deter inappropriate conduct. District property includes the school building, parking lots and grounds, and school-owned vehicles. Cameras monitor public locations such as hallways, stairwells, the cafeteria and commons, school buses and exterior locations of the building. Cameras are not installed in bathrooms or locker rooms. Video recordings will be viewed by authorized District personnel only, except where they are requested by or provided to law enforcement agencies in appropriate situations. Students are prohibited from tampering with electronic recording devices.

Students who violate this policy shall be disciplined in accordance with the Board's discipline policy and shall reimburse the School District for any necessary repairs or replacement.

SMOKE-FREE ENVIRONMENT

School buildings and grounds are entirely smoke-free. No smoking or vaping is allowed at any time.

STUDENT/BUS IDS

Students must possess and produce upon request their current student ID. There is a fee for the replacement of the student I.D.

STUDENT PUBLICATIONS, NEWSPAPERS, ETC.

Student newspapers, as well as other publications distributed on or off campus, are free to express student views without censorship or prior restraint. Student editors, however, should be warned that they are responsible for the content of their publications and that they may be subject to lawsuits for printing libel, slander, obscenity, known falsehoods, reckless disregard to the truth, or defamation. The school may restrict the time when publications can be distributed as well as the areas of distribution in order to avoid interference with the regular school process. The school shall require that all printed matter and petitions distributed on school property bear the name of the sponsoring organization and the name of one individual in the organization.

STUDENT WORK AND PHOTO RELEASE

Student work (i.e. creative writing, visual arts) and pictures of students may occasionally appear in school or district publications, social media or websites. If you do not want District 200 to share your child's work or photo without your written consent, you must login to ParentVUE and edit student permission settings.

If parents grant permission to share student work and photos, no consent or notice is needed before the school uses such material if the student is not identified. Parental permission is required if a student or his/her work is identified by name in a publication or website. While the school limits access to buildings by outside photographers, it has no control over news media or other entities that may publish a picture of a named or unnamed student.

TELEPHONES AND CLASSROOM INTERRUPTIONS

It is important that classroom interruptions be kept to a minimum. It is the responsibility of the student to check at the office for forgotten lunches and/or homework. Students will not be called from class to answer phone calls or to pick up forgotten items. Messages will be delivered in cases of emergency. Calls to teachers should be limited to before and after school. Teachers will not be called from their classes to answer the telephone except in emergencies. If it is necessary for a parent/guardian to call at a time other than before or after school, a message will be taken and the teacher will call back as soon as possible. Students should not be expected to make general use of the phone, it is needed for parent and teacher use. This rule will be strictly enforced. All after-school activity arrangements should be made prior to arrival at school.

TEXTBOOKS

Textbooks by the District or through State funds will be collected at the end of a course for re-assignment to other students. As is the case with all textbooks used by District 200 students, if these books are lost or damaged, it is the responsibility of the student to pay for replacement or repair.

VISITORS

Parents are welcome and encouraged to visit the school. To make these visits most meaningful, you are asked to plan your visit at a time that is mutually convenient to you and the teacher. When you arrive at school, please go directly to the school office to sign-in, show identification and receive a visitors badge. Children who are not regularly enrolled in school are not permitted to visit or join classes during school hours except by the principal's special permission.

To minimize interruptions in the instructional day, it is requested that a prior contact be made with the classroom teacher when visitation is desired. This is a courtesy to the class and will help the visitor better fulfill the purpose of their visit. Visitations are discouraged during the first and last three weeks of school and during testing sessions.

Visitation does not infer a conference. Should a conference be desired, an appointment should be made for a different time. While a visitor is in a classroom, the teacher's first priority is the children in that class.

Students from other schools or districts may be permitted to visit our schools only with prior permission from the principal. Students may not invite friends from other schools to attend school-sponsored social events such as roller skating parties, class parties, or dances.

WALKING TO SCHOOL

Parents are requested to discuss with their children the importance of following safety precautions, including the use of sidewalks where available, facing oncoming traffic when walking on the street, crossing only where crossing guards are available. Respect for the property of people along the student's walking route is expected.

WITHDRAWAL FROM SCHOOL

A parent or guardian wishing to withdraw a student from school must follow established procedures. Please call your school's office for information.

Attendance

All eligible students residing in District 200 are entitled to an education in the District's schools. All students over seven (7) years of age and under seventeen (17) years of age are required to be under school jurisdiction during the hours school is in session. No student shall be denied access to a free and full public education on account of race, religion, sex, national origin, or handicapping condition.

Regular attendance is essential if a student is to make use of the educational opportunities the school offers. Regular attendance develops dependability and responsibility in the student and contributes to his/her academic achievement. Parents of students, or those having legal custody or control of such students, have the responsibility for their children's regular school attendance. The school shall determine the validity of an absence.

Students must be in attendance for 300 or more minutes of classroom time daily. This does not count lunch or passing periods. If a student misses up to 150 minutes, they are considered absent one-half day. Any student that misses more than 150 minutes is considered absent for the whole day.

ABSENCES

The student who is absent misses class instruction, discussion, and social interaction even if written work is made up. Classroom activities and interaction cannot be duplicated. When illness necessitates a student's absence, parents are requested to call the school before 10:00 a.m. on each day of absence.

Edison: (630) 682-2053 Hubble: (630) 821-7900

Franklin: (630) 682-2359 Monroe: (630) 682-2290

You must notify your student's school if your child is home sick and report any diagnosed communicable diseases. When reporting an absence please indicate the reason for the absence and if it is due to illness, please report symptoms including if your child has a fever (100.4 F or greater), new onset to moderate or severe headache, shortness of breath, new cough, sore throat, vomiting, diarrhea, new loss of sense of taste or smell, fatigue from unknown cause, muscle or body aches from unknown cause (or current IDPH guidance). If you are not sure whether to send your child to school, you may call the school nurse for consultation. If you're still in doubt, call or visit your physician.

A student may be absent from school only for valid cause as defined by state law and the Board of Education. Valid causes include illness, observance of religious holiday, death in the immediate family, family emergency, situations that create a reasonable concern to parents for the safety and health of the student and mandatory absences due to communicable diseases according to Centers for Disease Control and Illinois Department of Public Health guidance.

Students missing classes without valid cause will receive an unexcused absence, may be subject to disciplinary action and may lose credit in classes missed. Parents whose children are excessively absent from school, whether excused or unexcused, may be required to present a statement from a physician verifying reasons for the extended or multiple absences. Failure to provide such verification will result in the absences being designated as unexcused and subject to possible truancy referral. If the number of absences is excessive, a referral will be made to the DuPage County Truancy Office (Project VISA). (Policy 7.70)

ASSIGNMENTS FOR ABSENT STUDENTS

Once a student has been absent for three (3) consecutive school days, the parent may call the school counselors and request assignments. Teachers are normally given 24 hours to return assignments to the school counselor. Parents are asked to utilize this procedure in lieu of contacting teachers directly, either through phone contact or email, to ensure accurate tracking of the flow of assignments to and from school.

VACATIONS

Vacations during periods when school is in session are strongly discouraged. Even the most conscientious efforts of students and teachers are no substitute for daily attendance. If students must take a vacation during the school year, they must notify the office at least one week prior to the absence. Students must arrange to come in before or after school to make up tests or lab work and assignments.

STUDENT CHECK-IN/SIGN OUT

When a student enters school late, a pass must be obtained from the school office before going to the classroom. If it is necessary to take a student out of school early for any reason, a parent or designee needs to inform the school and come to the office to sign the student out. This is crucial to ensure the safety and security of students.

CHRONIC TRUANCY

This District considers a student to be a chronic truant who is absent without valid cause for 5% or more of the previous 180 regular attendance days per Sections 26-2a of the Illinois School Code. Such 180 days may reach back into the previous school year.

ATTENDANCE AT SCHOOL FUNCTIONS

In order for students to be allowed to participate in or attend school-sponsored activities, they must be in attendance by 11:30 a.m. Students serving any suspension may not participate in school functions or activities on that day(s).

Dress Code

In accordance with Board of Education policy, students are expected to dress in an appropriate manner that must not disrupt the educational process, interfere with the maintenance of a positive teaching/learning climate, or compromise reasonable standards of health, safety, and decency. The judgment of disruption is at the discretion of the school administration and gross abuse of the dress code will result in the confiscation of such prohibited items. Specific guidelines and prohibitions are listed as follows:

- Hats, hoods, head coverings, gloves, and sunglasses may not be worn in the building. Hats must be stored in the student's locker and not carried throughout the school day.
- Apparel that promotes or advertises drugs, alcohol, tobacco products, or other inappropriate or illegal activities is not permitted.
- All clothing must cover from shoulders to mid-thigh.
- Transparent items, camisoles, off the shoulder tops, strapless tops, and nightwear are prohibited.
- Items determined to be symbolic of gang membership, including jewelry items and bandanas, are not allowed.
- Tattoos will require clothing or other coverage if determined to be inappropriate to the school program.
- Shoes must be worn at all times.
- Students may not wear coats during the school day unless they are given permission by their classroom teacher for special circumstances, including heating and ventilation problems.
- No accessories such as chains, armbands with spikes or other items deemed as a safety hazard may be worn, including such items attached to backpacks.

COSTUMES

Students may not wear masks or headgear which prevent the clear identity of the student or create a safety concern. Costume paraphernalia, such as theatrical props and imitation weapons, are not allowed. Costumes and/or make-up, which are considered threatening or otherwise inappropriate, are forbidden.

Bus Service

Free bus service is provided to all students who live 1.5 miles or more from the school they are assigned to attend. If the walking route of a student who lives less than 1.5 miles from school is considered hazardous, free busing may also be offered. Busing may also be an option for some students on a space available basis. A fee is charged for students who take advantage of this option. District 200 contracts for bus service with Illinois Central.

All questions related to bus service should, however, be directed to the school principal or to the District 200 Business Office at 630-682-2005. Only students eligible for bus service may ride the bus. Students who are assigned to ride the bus must do so unless written parent permission is given to the principal or teacher. Students are not allowed to ride a bus for social reasons.

BEHAVIOR AT BUS STOPS

District 200 expects that students will conduct themselves appropriately while at the bus stop. The school seeks parent support in implementing the following rules to help ensure the safety of all students at the bus stop.

- Students should arrive at the bus stop no more than five minutes before the bus is scheduled to depart. A ten-minute lead time may be needed during the first two weeks.
- Students should respect their neighbors' property. This is done by waiting on the sidewalk or parkway. Climbing on trees or running through bushes is not permitted.
- Students should be instructed not to play catch or throw snowballs or other objects while waiting for the bus.
- Books or bags don't hold places. Students should stand in line patiently and board without pushing or shoving.
- Children should never step into the street or attempt to retrieve an object that falls under a bus. Alerting the bus driver to what is missing and where it fell is the appropriate course of action.
- Students should respect each other. The bus stop is not a place for rough play, bad language, or name calling.

STUDENT CONDUCT ON THE BUS

The District and the bus company work cooperatively to help ensure that students are safe when riding the bus. The same general rules of conduct enforced at school are also in effect while students are on the bus. Students and parents should be familiar with the following rules:

- The bus driver is in charge and has the same authority as the teacher while children are on the bus.
- Students must remain seated while on the bus.
- Normal conversation is permitted, but students must refrain from loud talking or yelling and profanity are not allowed.
- Students must keep their hands and personal items inside the bus. Windows must be no lower than the line marking their opening.
- No items may be thrown out the window, nor should any student yell out the window.
- Food and beverages are not allowed to be consumed while on the bus.
- Students may not threaten or inflict injury on the bus driver or other students.
- Students may not inflict damage to any part of the bus.

CONSEQUENCES OF MISCONDUCT ON THE BUS OR AT THE BUS STOP

Students who disobey the rules of conduct for behavior at the bus stop or bus ridership are subject to disciplinary action, which may include suspension from the bus or from school (Policies 6.300 and 7.190). Other consequences of misbehavior may include a conference between the student and his/her principal or teacher; a conference between the principal, student, and parent; payment for damages intentionally caused; and any other disciplinary action that the principal deems appropriate and in conformance with District policy.

Health Services

It is the philosophy of District 200 to work cooperatively with parents and staff to provide a healthy and safe environment for learning.

Please contact the school nurse about any health concern you believe may affect your child at school. This information will be confidentially shared with the appropriate classroom teachers as necessary throughout the school year. This may include asthma, food allergies, bee sting allergies, anxiety, etc. Should students be taking daily medication at home, please notify the health office so any side effects that occur will be recognized more easily and proper steps taken towards treatment.

All required health forms are available at the school office or www.cusd200.org. The school nurse may be able to provide resources for obtaining health requirements.

PHYSICAL EXAMINATION REQUIREMENTS

The Illinois School Code requires that students entering school for the first time (early childhood, kindergarten, or first grades), sixth and ninth grades and transfer students must submit evidence of a physical examination and a complete record of immunizations.

- The completed physical examination and record of immunization form is expected at the school health office upon enrollment/registration and required by the first day of student attendance.
- Appointment dates for obtaining a physical exam do not meet the school requirement.
- Physical examinations must be done by a licensed physician, advanced practice nurse or examining physician assistant.
- Physical examinations must be dated within twelve months prior to the first day of school.
- Only the State of Illinois Department of Human Services Certificate of Child Health Examination form will be accepted.
- For safety considerations, students may not be allowed to participate in physical education classes until the required physical form is on file in the school office.
- Medical objections to any physical examination or immunization must be submitted in writing by a physician and must contain the required information.
- Religious objections to any physical examination or immunization must be submitted on the Illinois Certificate of Religious Exemption Form and must contain the required information and be signed by a parent/guardian, physician. The form can be found at <http://bit.ly/2GEv84S>.

STUDENTS WHO DO NOT MEET THESE REQUIREMENTS WILL BE EXCLUDED AND WILL NOT BE PERMITTED TO ATTEND SCHOOL PER DISTRICT POLICY.

IMMUNIZATION REQUIREMENTS

Immunization records must show proof of immunization against diphtheria, tetanus, whooping cough, measles, mumps, rubella, polio and chicken pox.

- Early childhood students are also required to have Haemophilus influenza (HIB) and pneumococcal vaccine.
- Early childhood and sixth grade through twelfth students are also required to have the hepatitis B vaccine.
- Sixth grade thru twelfth grade students are required to have the Tdap vaccine.
- Sixth grade and twelfth grade students are required to have the meningococcal vaccine.

DENTAL EXAMINATION REQUIREMENTS

Students in kindergarten, second, sixth and ninth grades must submit evidence of a dental examination by May 15th of that school year. Dental exams must be completed within 18 months prior to May 15th. If a child in the second, sixth or ninth grade fails to present proof by May 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed dental examination or (ii) the child presents proof that a dental examination will take place within 60 days after May 15th. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a dentist. Each public, private, and parochial school must give notice of this dental examination requirement to the parents and guardians of students at least 60 days before May 15th of each school year.

VISION EXAMINATION REQUIREMENTS

Students entering Illinois schools for the 1st time (kindergarten or transfer) must submit evidence of a vision exam.

MEDICATION AT SCHOOL

Parents/guardians are responsible for administering medication to their children. Administering medication during school hours or during school-related activities is discouraged unless it is necessary for the educational benefit and/or critical health and wellbeing of the student. Acknowledging that occasionally a necessary medication must be administered during the school day, the District shall administer the medication. If a nurse is unavailable to administer the medication, a building administrator or a designee who volunteers to administer the medication will either supervise the self-administration of the medication or administer the medication to the student.

Parents/guardians are encouraged to be present and to administer required medications (e.g., insulin, inhalers, epinephrine, etc.) to their child during school-sponsored field trips and extracurricular activities (e.g., athletic events, musical concerts, performances, etc.) when their child has not yet been approved to independently self-administer their medication. In the event that a parent/guardian will not be present to administer their child's required medication during a school-sponsored field trip or extracurricular activity, the parent/guardian must notify the school prior to the scheduled event so that District 200 may appoint another party to serve the child in this capacity.

Students in possession of prescription or nonprescription medications in violation of these procedures may be subject to disciplinary action.

KEEP YOUR CHILD HOME IF...

- A skin rash from an unidentified cause that has not been evaluated by a physician. Please note that open sores should be covered until healed or evaluated by a physician.
- The oral temperature is **100.4° F** or greater. A student with such a fever should remain home for 24 to 72 hours after the temperature returns to normal without the aid of fever-reducing medication (according to CDC Guidelines).
- If experiencing nausea, diarrhea and/or vomiting. Students should remain home until symptom-free for 24 hours without the use of medication.
- If the student complains of severe, persistent pain.
- If the student is showing signs of an upper respiratory infection including a fever (**100.4° F** or greater), **new onset to moderate or severe headache, shortness of breath, new cough, sore throat, vomiting, diarrhea, new loss of sense of taste or smell, fatigue from unknown cause, muscle or body aches from unknown cause (or current IDPH guidance)**.

You must notify your student's school if your child is home sick and report any diagnosed communicable diseases. When reporting an absence please indicate the reason for the absence and if it is due to illness, please report symptoms including if your child has a fever (**100.4 F or greater**), **new onset to moderate or severe headache, shortness of breath, new cough, sore throat, vomiting, diarrhea, new loss of sense of taste or smell, fatigue from unknown cause, muscle or body aches from unknown cause (or current IDPH guidance)**. If you are not sure whether to send your child to school, you may call the school nurse for consultation. If you're still in doubt, call or visit your physician.

RE-ADMISSION AFTER CONTAGIOUS ILLNESS

Re-admission following an illness from contagious diseases may require a back-to-school note signed by a physician. Please have medical documentation of any school accommodations that are requested. Guidelines established by the Centers of Disease Control and the Illinois Department of Public Health are used to manage communicable diseases and pandemic illnesses (COVID-19) in school.

HEAD LICE

Parents are encouraged to check their child regularly for head lice. If a case is discovered, it should be reported to the school nurse, who will advise parents of the most appropriate treatments. Arrangements will be made to check siblings and close contacts for lice infestation.

STUDENT ACCIDENTS AND ILLNESS

In case of an accident or illness of a student at school this procedure will be followed:

- First aid is administered
- If serious, parents are contacted. Please note generally, a school nurse is present to make assessments. Occasionally, the school office staff may need to exercise their best judgment in determining when to contact parents.
- If the parents cannot be reached, the emergency contact provided by the parents will be called. Please be certain that at least two emergency numbers are listed to call in case a parent or guardian cannot be reached. Please keep these numbers up to date. Persons listed on the emergency list will be considered to have your approval for temporary care. Students leaving school during the day for health reasons or other reasons must have a parent or guardian sign them out through the school health office.
- If the parents or emergency contacts cannot be reached, the nearest hospital, paramedics, or local health care provider may be contacted.
- Please help control the spread of illness by reminding students to cover their cough/sneezes, use tissues as needed and to wash their hands frequently.
- Please call the school nurse if your child has or is being treated for childhood or a communicable disease such as strep throat; chicken pox; impetigo; rotavirus; MRSA; hand, foot and mouth disease; fifth's disease; mononucleosis; shingles; influenza or COVID-19.

EXCUSE FROM PHYSICAL EDUCATION

A student may be excused from Physical Education for up to three (3) days if the request is made in writing by a parent. If the student must be excused for more than three (3) days, a note must come from the doctor stating the diagnosis, duration, and extent of the physical limitation. The excuse should be directed to the school nurse who will distribute it to appropriate teachers. Students missing Physical Education due to illness/injury may be withheld from extra-curricular activities to maintain safety. Students exempt from Physical Education for medical reasons may be provided a non-physical learning activity during the scheduled P.E. time.

ATHLETIC PHYSICAL EXAMS

A sports physical exam is required for students participating in interscholastic athletics and is valid for 395 days. The school health required physical examination form can be used for athletics, but a separate copy must be provided to the athletic office.

Support Services

ACCELERATED PLACEMENT PROGRAM

The District provides for an Accelerated Placement Program (APP) for qualified students. It provides students with an educational setting with curriculum options that are usually reserved for students who are older or in higher grades than the student. Accelerated placement includes but may not be limited to: early entrance to kindergarten or first grade, accelerating a student in a single subject and grade acceleration. Participation is open to all students who demonstrate high ability and who may benefit from accelerated placement. It is not limited to students who have been identified as gifted or talented. Please contact the building principal for additional information.

The Superintendent or designee shall annually notify the community, parent(s)/guardian(s), students, and school personnel about the APP, the process for referring a student for possible evaluation for accelerated placement, and the methods used to determine whether a student is eligible for accelerated placement.

Notification may: (a) include varied communication methods, such as student handbooks and District or school websites; (b) be provided in multiple languages, as appropriate.

ENGLISH AS A SECOND LANGUAGE (ESL)/BILINGUAL SERVICES

Services are available at each school to assist non-English speaking students in becoming proficient with the English language and the American school process.

Athletics & Activities

The middle schools provide many opportunities for students to participate in activities before and after school. Special interest clubs, musical groups, and athletics are all a part of the middle school program. Students are encouraged to participate in extracurricular activities to complete their middle school experience. A sports physical exam is required annually for students participating in interscholastic athletics.

Academic eligibility requirements will be reviewed throughout each season for interscholastic sports.

ATHLETIC PROGRAM

The interscholastic athletic program is a part of the District's comprehensive extra-curricular program. It is designed to provide student athletes with opportunities for personal and physical development in a team-work environment.

The athletic program strives to develop in its participants such lifelong traits as a strong character, good sportsmanship, leadership skills, and a strong work ethic. It also aims to develop personal characteristics in its participants such as integrity, self-discipline, responsibility, respect, and maturity. The program further challenges the student athletes to develop a positive self-concept as well as a healthy body and mind.

Participation in the District's extra-curricular program, including the athletic program, is a privilege, not a right. Students must earn this privilege by meeting certain expectations as outlined in this document.

While some interscholastic athletic programs can accept an unlimited number of participants, the majority of interscholastic athletic program offerings must limit membership. The number of student athletes selected for each team may vary from year to year, from sport to sport and between the district's four middle schools. Averages are available from the Athletic Director upon request.

Selection of students will be based on their skill, work ethic, character and ability to meet the academic requirements for participation. Coaches will use tryouts, discussion with teachers, deans, and administrators, and grade verification to help determine how well each student meets the above criteria. The final responsibility for the team selection rests with the coaches.

Coaches will clearly communicate with their players on a regular basis. This shall include communication on team selection, rules, expectations, and player/parent satisfaction.

PARTICIPATION (USER) FEES

All students participating in interscholastic athletics are required by the Board of Education to pay a user fee of \$125. No refunds will be issued after the first interscholastic competition. All students participating in interscholastic athletics or school activities are required to be in good standing with all District fees and obligations.

EXTRACURRICULAR ACADEMIC ELIGIBILITY

The following groups will be supervised for weekly academic eligibility: interscholastic teams, dance team, show choir, drama productions, jazz band, chamber orchestra, and student government. Selection of members or participants is at the discretion of the teachers, sponsors, or coaches, provided that the selection criteria conform to District 200 policies. Participation in extracurricular activities is dependent upon course selection and successful progress in these courses. To be eligible to participate in selected school-sponsored or school-supported extracurricular competition or performance students must meet weekly eligibility requirements.

District 200 middle schools offer a variety of extracurricular activities. There is an activity to meet any student's particular interests. We encourage students to become involved in the Athletic Program, Fine and Performing Arts Program, Intramural Program, or a club or organization. Although students are encouraged to participate in the extracurricular program, there is a concern that some students become overextended. Students involved in multiple activities may develop conflicts between the activities and/or academic progress. Students should discuss with their parents and sponsors/coaches the possible conflicts that may arise and work together to resolve them.

ELIGIBILITY GUIDELINES

Students' participation in Board of Education approved extracurricular athletics and activities are contingent upon the following:

- Students may not be failing more than one class.
- A student may not have one failing grade and one unsatisfactory rating in two different classes.
- If a student does not meet the above requirements, he/she is placed on probation for one week. The student remains eligible during that week. After the week of probation, the student's progress is again checked. If his/her progress does not meet the above requirements, he/she is ineligible the following week. Only one week of probation is permitted per student per season. During ineligibility, the student may practice with the team but not dress for contests.
- If a student, who is a member of an interscholastic team or school activity, receives an in-school or out of school suspension, he/she is not permitted to participate in practice or events during the terms of that suspension.
- Students who are not in attendance for one-half day of school may not participate for practice or a contest.
- Eligibility checks will be conducted weekly beginning the third week of the season.
- Any unusual circumstances will be reviewed by the Principal, Athletic Director, and Counselor.

INSURANCE FOR ATHLETES

Insurance for athletes is voluntary. The school district does not require insurance coverage for athletes. It is each family's responsibility to determine which of the following options is best: purchasing insurance made available at the school. Providing coverage through their family policy or assuming liability without insurance coverage. District 200 does not assume responsibility for any injury.

PHYSICALS

Students desiring to participate in interscholastic athletic competition must obtain a physical annually. Proof of the physical examination will be kept on file in the Nurse's Office or in the Athletic Director's Office. No student will be permitted to practice or participate until proof of a physical examination is received.

REQUIREMENTS TO PARTICIPATE

Prior to being eligible to practice or participate in athletics, each athlete must complete the following:

- A signed parent permission form
- A completed physical exam that is less than one-year-old at the end of the season
- Acknowledgment of receipt of the District 200 concussion education materials
- Payment of the District 200 participation fee

SPORTSMANSHIP

Students, participants, and spectators are expected to practice the ethics of competition and principles of good sportsmanship whether at home, at other schools, or in the community. Any person found to be in violation of these ethics and principles may be barred from interscholastic contests either as a participant or as a spectator.

WARNING OF RISK

Students and parents are to be aware that athletic and activity participation has inherent dangers and risks. Even though participation and practice are within the rules of the activity and students are following the instructions of the coach or sponsor, students may suffer catastrophic injuries. Their injuries may include but are not limited to: death, serious head, neck or spinal injuries that may result in complete or partial paralysis or brain damage. Serious injury to any of the internal organs, bones, ligaments, muscles, tendons, or other aspects of the muscular-skeletal system is possible. The injuries that may occur may affect the student's future ability to participate in athletics and activities, earn a living, or engage in other business and social activities. To attempt to avoid the possibility of injury, students should follow the coaches' or sponsors' instructions regarding techniques, training, and team rules at all times, and participate within the rules of the sport or activity.

Discipline Policies & Procedures

District 200 schools employ a variety of disciplinary measures to maintain a safe educational atmosphere. Students who display undesirable behavior are disciplined to help correct such behavior. When a student is involved in disciplinary action, the student will be afforded individual attention in a constructive manner. Discipline procedures will follow due process of law, including providing for appeals to other school authorities. For additional support, parents are informed of disciplinary action to enable the home and the school to work together to correct such behavior. All students are expected to know school rules that relate to conduct and discipline because inappropriate behavior disrupts the opportunity to learn.

DISCIPLINARY PRINCIPLES

Four Principles govern all rules at all CUSD 200 Schools:

- Education is enhanced when student conduct is appropriate. Conduct that is disruptive to the educational process prohibits learning.
- Educational opportunity is a right enjoyed by all students. Conduct that infringes the rights of others is prohibited.
- School rules apply to all students while on school or District 200 property, and/or attendance/participation at any school-or District 200-sponsored activity.
- Students will be afforded individual attention in a positive manner, including the proper steps of due process of law, as well as the procedure for appealing such actions to other school or District officials.

APPLICATION OF DISCIPLINARY CODE

Grounds for disciplinary action apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to conduct occurring:

- On school grounds or commencing on school grounds but occurring off school grounds, before, during, or after school hours or at any other time the student is participating in or attending a school-related activity
- Off school grounds at a school-sponsored activity or event, or any activity or event which bears a reasonable relationship to school
- Traveling to or from school or a school activity, function or event in school provided and/or transportation
- Anywhere, if the conduct may reasonably be considered to be a threat or attempted intimidation of a staff member, hazing of a student, or interference with school purposes or an educational function.

The time to make up missed assignments will be equal to the number of out of school suspension days.
- Students suspended out of school, or returning from an alternative school will be required, preferably with their parents, to attend a re-entry conference prior to returning to school with appropriate school personnel. EXPULSION PROCEDURES

The Board of Education is authorized to expel students guilty of gross disobedience or misconduct for a period not to exceed two years. The following procedures apply in cases where a student has been recommended for expulsion:

- Prior to expulsion, the student and the student's parents/guardians shall be provided with written notice of the charges and the time and place of a hearing to be conducted by a Board appointed hearing officer. This notice shall be sent by registered or certified mail.
- During the expulsion hearing, the student and the student's parents/guardians may be represented by counsel, present witnesses, and other evidence, and cross-examine any witnesses presented by the district.
- At the expulsion hearing, the hearing officer shall hear evidence of whether the student is guilty of the gross disobedience or misconduct as charged. The hearing officer has neither the power to expel a student or permit the student to remain in school. Under the Illinois School Code, only the Board of Education has that authority. The hearing officer shall serve only as a fact finder.
- Following the expulsion hearing, the hearing officer shall prepare a written report summarizing the evidence presented at the expulsion hearing. A copy of this report shall be delivered to the Superintendent, the Board of Education, and the student's parents/guardians.
- The Board of Education shall make its expulsion decision at a date, time and place of which the student's parents/guardians shall be notified. The student and/or the student's parents/guardians may appear before the Board of Education in closed session at that time to further protect the student's interests.
- During the terms of the expulsion, the student will be provided with appropriate and available support services if said services are available. The student may be referred to support services outside District 200.

SEARCH AND SEIZURE

School searches are primarily for disciplinary purposes and are only conducted by school officials who, acting upon reasonable suspicion, have been entrusted to protect the safety and well-being of all students. If a school administrator has a reasonable suspicion that a student has violated or intends to violate a law or school rule, the administrator has the right to search the following without notice, consent, or warrant:

- student's school locker
- student's bag or clothing
- student's desk or other assigned seating area
- student's person
- student's electronic devices and media (phones, etc...)

School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.

A school official may be required by Board policy or may deem it necessary to release information gained in the search of a student or his/her possessions to law enforcement authorities. In such cases, the school official shall make every attempt to notify parents/guardians in advance of police notification. A search of one's person is generally restricted to unrolling cuffs and sleeves, emptying pockets, purses, and backpacks, and removing coats or jackets, sweaters worn as outer garments, hats, shoes, and socks.

Parents/guardians shall be notified in advance if a more detailed search of a student is required. Random searches of campus and property on the campus may be conducted in conjunction with police officials. This includes the use of canine units to search lockers and vehicles on the premises.

PREVENTION OF AND RESPONSE TO BULLYING, INTIMIDATION, AND HARASSMENT

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important district and school goals.

Bullying on the basis of actual or perceived race, color, national origin, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

- During any school-sponsored education program or activity.
- While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
- Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
- Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

- Placing the student or students in reasonable fear of harm to the student's or students' person or property;
- Causing a substantially detrimental effect on the student's or students' physical or mental health;
- Substantially interfering with the student's or students' academic performance; or
- Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the building principal, nondiscrimination coordinator, district complaint manager or any staff member with whom the student is comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

Teen Dating Violence Prohibited

Engaging in teen dating violence that takes place at school, on school property, at school-sponsored activities, or in vehicles used for school-provided transportation is prohibited. For purposes of this policy, the term teen dating violence occurs whenever a student who is 13 to 19 years of age uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship.

TRANSFER STUDENTS

Students who transfer to the District currently on suspension or expulsion from another school may not be admitted to the District until the period of suspension or expulsion is completed. Parents may request a review of their child's expulsion from a transferring school only where the prior expulsion was issued by a private school and was for reasons other than the student's misconduct or disciplinary record. The request for such a review must be made to the Superintendent who may recommend to the Board of Education that the student be enrolled before the expiration of the expulsion.

Information in the temporary record will indicate authorship and date. The district will retain the student's permanent record for at least 60 years and the temporary record for at least five years after the student has graduated, transferred or permanently withdrawn.

ACCESS TO STUDENT RECORDS

The parents/guardians of a student under the age of 18 or a designee of such parents/guardians shall be entitled to inspect and copy information in the student's school records in the presence of a staff member. When a student reaches age eighteen (18), graduates from secondary school, marries or enters military service, all rights and privileges accorded to parents/guardians regarding student records become exclusively the rights of the student. In cases of parental divorce or separation, both parents shall be permitted to inspect and copy the student's school records unless a court order indicates otherwise.

The District may charge the actual cost of providing a copy of school records. No parent/guardian or student shall be denied a requested copy of school records due to the inability to bear the cost of such copying.

In addition, the information in a student's record may be released without parent consent or notice as follows:

- To an employee or official of the school or State Board with a current demonstrable educational or administrative interest in the students, in furtherance of that interest;
- To any person for the purpose of research, statistical reporting or planning provided no student or parent can be identified from the information released and the person to whom the information is released signs an affidavit agreeing to comply with all applicable statutes and rules pertaining to school student records;
- To a governmental agent or social service agency contracted by a governmental agent in furtherance of an investigation of the student's attendance pursuant to the compulsory attendance laws of the state.

Information can be released without parent consent provided notice of the release is given to the parent as soon as possible under the following circumstances:

- In an emergency when information in the student records is necessary to protect the health or safety of the student or others
- Pursuant to a court order, provided that the parent is given prompt written notice upon receipt of such order of the terms of the order, the nature and substance of the information proposed to be released in compliance with such order and an opportunity to inspect and copy the school student records and to challenge their contents pursuant to the procedure set forth herein

Information can be released without parent consent provided prior written notice is given to the parent under the following circumstances:

- To the official records custodian of another school within Illinois or an official with similar responsibilities of a school outside of Illinois, in which the student has enrolled or intends to enroll, upon the request of such official or student
- To any person as specifically required by state or federal law

 - necessary for the discharge of their official duties
 - who request information prior to adjudication of the student
 - who certify in writing that the information will not be disclosed to any other party except as provided by law or court order.

CHALLENGES TO STUDENT RECORDS

Parent(s)/guardian(s) may challenge the accuracy, relevancy or propriety of any entry within a student record. Academic grades and references to student expulsions or out-of-school suspension may not be challenged under these provisions except as to the accuracy of the recording. Parents/guardians may also insert into their child's student record a statement of reasonable length stating their position on any disputed information contained in the student record. The district will include a copy of the statement in any release of the information in dispute. Please contact the Superintendent's Office to obtain a copy of the procedures for initiating a challenge to a student's record.

RELEASE OF STUDENT RECORDS & STUDENT DIRECTORY INFORMATION

Federal law requires that District 200, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, District 200 may disclose appropriately designated "directory information" without your consent, unless you advise the District to the contrary. The primary purpose of directory information is to allow District 200 to include this type of information from your child's education records in certain school publications. For example:

- A playbill showing your student's name in a drama or musical production
- Yearbook
- Class lists
- Honor roll or recognition lists
- Award programs
- Sports or co-curricular activity sheets such as wrestling, football, marching band or student council
- Directory information can also be disclosed to outside organizations without prior written consent, for example, school picture and yearbook companies.

Directory information is identifying information such as: name, address, gender, grade level, birth date and place, awards or honors, school activities, height & weight (members of athletic teams), field of study, period of school attendance, and photographs, degrees, and most recent educational agency attended.

If you do not want District 200 to disclose directory information from your student's educational records without your written consent, you must login to ParentVUE and edit student information settings.

TRANSCRIPTS

Official transcripts are released only when the student or parent has filled out the transcript request form and paid school fees. While official transcripts are not released to a student or a student's parent, an unofficial copy of the transcript can be released directly to the student and/or parent. Official transcripts will only be mailed to the receiving agency.

Once a student has turned 18 years of age, that student is the only person who can sign for transcripts. Parents or siblings may not legally request the transcripts for a person who is 18 years of age or older.

District Technology

Each student and his or her parent(s)/guardian(s) must acknowledge the Authorization For Using District Technology in StudentVue and ParentVue annually. Please read this section carefully before acknowledging.

All material published on the District website or within Google G Suite must have educational value and/or support the district's guidelines, goals, and policies. Material appropriate for web publishing included information about the district and its Board Members, agendas, policies, appropriate administrative procedures, department activities or services, schools, teachers or classes, student projects, and student extracurricular organizations. Personal information, not related to education, will not be allowed on the district website.

STUDENT LEVEL

A student wanting to create a website shall only use Google Sites with their district-issued account. Proper etiquette and network usage rules mentioned in these guidelines apply to all student websites.

RIGHTS AND RESPONSIBILITIES

All use of technology shall be consistent with the district's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. This Authorization does not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. The failure of any user to follow the terms of the Authorization for Technology Access may result in the loss of privileges, disciplinary action, and/or appropriate legal action. The acknowledgment in StudentVue and ParentVue is legally binding and indicates you have read the terms and conditions carefully and understands their significance.

USAGE GUIDELINES

Acceptable Use - Access to district technology must be for the purpose of education or research, and be consistent with the educational objectives of the district.

Privileges - The use of district technology is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The Executive Director of Technology and Superintendent or designee will make all decisions regarding whether or not a user has violated this authorization and may deny, revoke, or suspend access at any time.

Copyright Web Publishing Rules – Copyright law and district policy prohibit the republishing of text or graphics without explicit written permission or proper citation.

- For each re-publication on a website i.e., Google Sites, WeVideo, etc. of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the web address of the original source.
- The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the website displaying the material may not be considered a source of permission.
- The "fair use" rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
- Identified student work may only be published if there is written permission from both the parent/guardian and student.

Network Etiquette - Students are expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

- Be polite. Do not become abusive in your messages to others.
- Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
- Do not reveal the personal information, including the addresses or telephone numbers of students or colleagues.
- Recognize that electronic mail (email) is not private. People who operate the system have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.
- Do not use the network in any way that would disrupt its use by other users.

USE OF ELECTRONIC MAIL (EMAIL)

- The District's electronic mail system, Gmail with G Suite, and its constituent software, hardware, and data files, are owned and controlled by the school district. The school district provides email to aid students and staff members in fulfilling their duties and responsibilities, and as an education tool.
- The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account's user. Unauthorized access by any student or staff member to an electronic mail account is strictly prohibited.
- Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email that would be inappropriate in a letter or memorandum.
- Emails transmitted via the school district's network carry with them identification of the user's internet "domain." This domain name is a registered domain name and identifies the author as being with the school district. Great care should be taken in the composition of such messages and how such messages might reflect on the name and reputation of this school district. Users will be held personally responsible for the content of any and all emails transmitted to external recipients.
- Any message received from an unknown sender via the internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any digital message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.
- Use of the school district's email system constitutes consent to these regulations.

INTERNET SAFETY

Internet access is limited to only those "acceptable uses" as detailed in these procedures.

- Internet safety is most assured if users will not engage in "unacceptable uses" as detailed in these procedures and otherwise follow these procedures.
- Staff members shall supervise students while students are using district internet access to ensure that the students abide by the Terms and Conditions for internet access contained in these procedures.
- Each district computer with internet access has a filtering device that blocks entry to visual depictions that are (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children's Internet Protection Act and as determined by the Superintendent or designee. The Superintendent or designee shall enforce the use of such filtering devices. An administrator, supervisor, or another authorized person may disable the filtering device for bona fide research or another lawful purpose provided the person receives prior permission from the Superintendent or system administrator. The Superintendent or designee shall include measures in this policy's implementation plan to address the following:
 - Limiting student access to inappropriate matter as well as restricting access to harmful materials
 - Student safety and security when using electronic communications
 - Limiting unauthorized access, including "hacking" and other unlawful activities
 - Limiting unauthorized disclosure, use, and dissemination of personal identification information.
- The system administrator and Building Principals shall monitor student internet access.

PROTECTING STUDENT AND STAFF PRIVACY

- Personal information concerning students or staff members, including home addresses and telephone numbers, shall not be published on district webpages.
- Student records shall not be disclosed through the regular District 200 website.
- A student's last name and last name initial shall not be published on district websites (exceptions may be made for special circumstances with prior approval through the Director of Communications).
- In special circumstances (e.g., where accolades are warranted), the sponsoring staff member should contact the Building Principal who may seek permission from the student's parents/guardians.
- Student email addresses, whether a personal or District account, shall not be listed on any district website.

District 200 does not currently accept students on a tuition basis. If a question arises concerning a student's residence, school authorities may require proof of legal residence in District 200. Students who do not legally reside within the boundaries of District 200 and who attend any District 200 school under false pretenses will be liable for tuition payments accumulated during their attendance and will be required to transfer to their appropriate home school. Students who move out of District 200's attendance boundaries during the school year will be able to attend school for the remainder of the school year without payment of tuition. Transportation to and from school becomes the sole responsibility of the parent.
